# The Knabe-Angelus

COMPETENT critic declared that this player-piano "presents an irresistible strength and is an attraction which must appeal to the public as no other existing combination can."

He did not overstate the fact, and how could he, for this instrument is the combined product of the two companies — Wm. Knabe & Company and The Wilcox & White Company — occupying the foremost positions in the manufacture of pianos and piano-playing devices.

The touch and incomparable tone of the Knabe Piano are not impaired by installing the ANGELUS entirely within the piano case, so the instrument is perfectly satisfactory to the trained musician of the highest artistic standard and is a never failing source of delight and entertainment to everyone who plays it by means of the ANGELUS.

For ten years the ANGELUS has been constantly developed by its inventive originators to its present point of superiority. It possesses peculiar and original mechanical advantages such as the wonderful melody buttons and the famous phrasing lever and the diaphragm pneumatics producing the human touch. These give the performer the means to produce truly artistic music and obtain effects not possible with any other piano player.

The case of the KNABE-ANGELUS is of elegant design and beautiful finish and is made of most carefully selected veneers of choicest figure.

This **HARMONY OF THE GOSPELS** retains the essential characteristics of the former editions. No material change has been made in the order or numbering of sections. The readings of the American Revision have been added, and the book has been improved in a multitude of details. It is forty pages longer than before.

The chief characteristics of the book are simplicity of construction, completeness in its exhibit of the parallelism of the Gospels, and above all practical usefulness for students and teachers of the Life of Christ.

The utility of the book is convincingly attested by the sale of seventy thousand copies of the previous editions, by its adoption as the basis of four of the most widely studied courses on the Life of Christ, by its reproduction in several oriental languages, and by its commendation by such scholars as Professor Marcus Dods and Canon Sanday.

**THE LIFE OF CHRIST** is now in its fifth edition. Its continued popularity is due to its usefulness in any careful study of the gospels. Its method enforces a thorough assimilation of the narrative and develops a more or less exhaustive interpretation of this material through comparative study. One of its many distinguishing features is the outline of Constructive Work: the student writes a Life of Christ based wholly upon his own study of the gospel story and so acquires an intimate and first-hand knowledge of the events in the life of Jesus. The maps and the illustrations add greatly to the value of the book.

The **HARMONY OF THE GOSPELS** and **THE LIFE OF CHRIST** are so largely used together that we have arranged with the publisher of the former to offer the two volumes at a considerable reduction in price. To those ordering from us direct we will deliver

**The two books, postpaid, for \$1.50**

This rate is not subject to any discounts and may be withdrawn at any time. If bought separately, the full price must be paid for each book.

# THE FOX TOUCH TYPEWRITER

**Let us prove  
what we claim  
at our expense**

There is only one way to prove anything about a typewriter, and that is an *actual test* of the machine itself *in your own office*.

That is what we want every possible purchaser of a Fox Typewriter to do before he buys.

When we say the Fox Typewriter can be operated with from 25 to 100 per cent. less energy than any other typewriter, it doesn't mean anything to you unless we can show by this saving that it will enable you to reduce the cost of typewriting in your office, give you a better grade of work and save you a vast amount of worry about repairs. When we show you *that*, you are interested.

We have proved this to some of the most discriminating buyers in the country. Seventy-five per cent. of our sales are made under just such circumstances.

If we can prove it to you, you want our machine.

Remember we *prove this* at our expense. All you have to do is say you are interested, no matter where you are.

## FOR PUPILS OF THE SECONDARY DIVISION

we recommend *Studies in the Gospel According to Mark*, by Ernest DeWitt Burton. The author has in view a two-fold purpose: first, to help the pupil, through a study of the Gospel of Mark, to acquire a knowledge of the life of Jesus, and to come into sympathetic acquaintance with him; and, secondly, to help him to form the habit of coming to all the books of the Bible, with the question: "What does it mean?" The book contains explanatory notes, questions requiring written replies, and helpful suggestions for pupils and teachers.

## FOR TEACHERS OF CHILDREN

from 8 to 11 years of age, the book entitled *An Introduction to the Bible for Teachers of Children*, by Georgia L. Chamberlin, will prove especially helpful. This has been used not only in the elementary grade of the Sunday school, but by Mothers' clubs and similar organizations as well.

The price of these books is \$1.00 each postpaid. Special rates will be given on orders for five copies and over. Specimen pages sent upon request.

# RUSSIA

## AND ITS CRISIS

By PAUL MILYOUKOV, formerly Professor of History at the Universities of Moscow and Sofia.

- ¶ The book aims to explain the internal crisis in Russia; it offers a timely exposition of deep-seated ulcers of the Russian political system, and it makes clear that an interpretation of existing conditions, to be at all adequate, must necessarily be based upon a general and comprehensive survey of the historical circumstances under which the Russian civilization has been developed.
- ¶ The author is a typical representative of the liberal party known as the "intellectuals," and his activity in the cause of freedom has already earned him calumny, imprisonment, and exile.

**The International Journal of Surgery**, August, 1905, under the heading "CYSTITIS," says: "In the treatment of Cystitis, water is the great aid to all forms of medication. **BUFFALO LITHIA WATER** is the ideal form in which to administer. Moreover, it to the Cystitic patient, as it is not only a pure solvent, but has the additional virtue of containing substantial quantities of the Alkaline Lithates.
